**“Once again, we present our perennial favourite!
Find Your Israeli Family & Locating Holocaust Era Resources”**

Michael Goldstein, professional genealogist,
Past-president of the International Association of Jewish Genealogical Societies,
Past-President of IGS, member of Board of Governors of JewishGen.

This presentation will be an interactive session demonstrating how to search for Israeli relatives or their descendants and how to locate records in Israel and abroad. Audience participants are invited to pre-submit their research queries and, where feasible, a real-time search will be done. While not guaranteeing success, the event should give a clear, practical guide to performing the research.

*****Those interested may send advance information on who you are trying to locate and what you have done to date to Montrealbrickwalls@jewishgenealogysearch.com.**

***This will enable pre-investigation of aspects that cannot be done live.
The meeting will be held on
